K-12 School Fundraising Opportunity

$$$$$$

First Night is here to give our young artists a platform to showcase their music and visual art skills along with helping to fund programs.

- Selling First Night Admission Buttons will give your school $3.00 per button to go back to help fund school programs.
- The Elementary, Middle School, and High Schools that sell over 200 buttons will each compete for a $1000 DJ package for an after school event of their choice to the school that sells the most buttons.

First Night will help promote sales through your school to the general public with TV, Radio and printed ad's, directing the public to see what schools are participating in this fundraising opportunity. This will compliment your schools efforts and increase sales. We will also give each participating school a code for those that want to use First Night Spokane's credit card portal, so we can track those sales for each school. Pre-sales at the school should take place from Nov 1st to Dec 1st & Buttons will be dropped off December 4th through the 8th for distribution before Winter Break.
